Why Choose George Reed, Inc. Asphalt?

1 EXPERIENCE and QUALITY

With over 65 years experience in asphalt production, George Reed, Inc. is proud to announce the opening of its newest plant in Marysville.

Reed's team of Quality Control experts fine-tune production to guarantee the highest performance of asphalt life.

2 TECHNOLOGY

In addition to offering high production rates with a reduced carbon footprint, the Marysville Plant is capable of delivering all the latest technologies, including additives that improve Hot Mix Asphalt performance, Warm Mix Asphalt, and Rubberized Asphalt.

3 TRUSTED CUSTOMER CARE

George Reed, Inc.'s constant objective has been to offer the highest caliber of service and quality to its customers, and to be a solid presence within the community.

The management and employees of George Reed, Inc. are honored to have the opportunity to be a part of Marysville's future, and look forward to working with you in the years to come.

4 Environmentally Conscious Company

Recycling old asphalt reduces our dependence on foreign oil and diverts products from going into the waste system.

The plant is warm mix asphalt capable which helps to improve air quality.

George Reed, Inc.'s fleet of equipment meets Tier 3 air emission requirements.
